Product highlights

RealFlat™ picture tube
Undistorted and reflection-free picture for maximum viewing comfort.

Active Control Plus
Noise, sharpness, brightness, contrast and color are analyzed and picture settings are continuously optimized to give you the best picture possible.

Incredible Surround
Actively processes the signal using advanced electronics and psycho-acoustic method to widen the stereo spatial image. This feature provides incredible sound with extra depth and an unbelievable three-dimensional effect that surrounds the user completely without the need for additional surround speakers.

Component Video Input (CVI)
The best possible input for high-resolution sources such as DVD, STB and game consoles for superb color purity, detail and reduced color noise, surpassing even S-Video.

Personal Zapping
Allows any combination of favorite teletext pages or TV programs to be stored in the colored Favorite Program/Text buttons. A total of 10 preferred programs/teletext pages of the same subject or user can be stored in each colored button.
